Application No: **H/05060/13**
Registered Date: 30/10/2013

TOWN AND COUNTRY PLANNING ACT 1990

APPROVAL OF APPLICATION UNDER SECTION 96A FOR A NON-MATERIAL AMENDMENT

TAKE NOTICE that the Barnet London Borough Council, in exercise of its powers as Local Planning Authority under the above Act, hereby:

GRANTS CONSENT FOR A NON-MATERIAL AMENDMENT for: -

Non-material minor amendments to planning permission reference (H/02307/13) dated (18/06/2013) for (Single storey rear extension. Roof extension involving rear dormer window to facilitate a loft conversion). Amendments include:- blocking up of side door in main house. Alterations to the glazing of the conservatory reducing the overall height of the glazing. Repositioning of glazing in rear elevation of extension.

At:- 51 Hillview Gardens, London, NW4 2JJ

as referred to in your application and shown on the accompanying plan(s):

Subject to the following condition(s): -

- 1 The development hereby permitted shall be carried out in accordance with the following approved plans: HIL_P01g; HIL_P02g; HIL_P03g; HIL_P01j; HIL_P02j; HIL_P03j.

Reason:

For the avoidance of doubt and in the interests of proper planning and so as to ensure that the development is carried out fully in accordance with the plans as assessed in accordance with policies DM01 of the Adopted Barnet Development Management Policies DPD (2012) and CS NPPF and CS1 of the Adopted Barnet Core Strategy DPD (2012).

INFORMATIVE(S):-

- 1 This decision should be read in conjunction with the decision notice issued in respect of planning application reference H/02307/13.

Date of Decision: 20 November 2013

Signed: 

**Acting for Joe Henry
Assistant Director - Development Management & Building Control**

NOTE(S):-

1. Your attention is drawn to the attached Schedule which sets out the rights of an applicant who is aggrieved by a decision of the Local Planning Authority.
2. This Notice relates solely to a planning decision and does not purport to convey any approval or consent which may be required under the Building Regulations or any other statutory purpose.

For more information about making a Building Regulations application, please contact the Barnet Council Building Control team by email: building.control@barnet.gov.uk, telephone: 0208 359 4500, or see our website at www.barnet.gov.uk/building-control.

THE SCHEDULE REFERRED TO IN NOTE (1)

Rights of an applicant who is aggrieved by a decision of the Local Planning Authority.

(1) If the Applicant is aggrieved by the decision of the Local Planning Authority to refuse permission or approval for the proposed development, or to grant permission for approval subject to conditions, he may appeal to the First Secretary of State in accordance with Section 78 of the Town and Country Planning Act 1990 or Section 20 of the Planning (Listed Buildings and Conservation Areas) Act 1990. The period for making the appeal is within six months of the date of decision, unless the planning application was refused, relates to an extension or alteration to a dwelling and was registered after 5th April 2009; in this case the appeal must be made within twelve weeks of the date of the decision. The Secretary of State has power to allow a longer period for the giving of notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances that excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the Local Planning Authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements, to the provision of the development orders and to any direction given under the orders.

(2) Appeals can be made electronically via the Planning Portal at: www.planningportal.gov.uk or on a form that is obtained from:

**The Planning Inspectorate
Customer Support Unit
Temple Quay House
2 The Square
Temple Quay
BRISTOL BS1 6PN**

Forms should be completed and returned to the Planning Inspectorate at the above address with a COPY to:

**Appeals Officer, Planning Services
London Borough of Barnet
Building 4 North London Business Park
Oakleigh Road South
LONDON N11 1NP**

(3) If permission to develop land is refused or granted subject to conditions whether by the Local Planning Authority or by the Secretary of State for the Environment and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the Council, a purchase notice requiring that Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

(4) In certain circumstances, a claim may be made against the Local Planning Authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act, 1990.

CONSTRUCTION SITE GUIDELINES FOR HOUSEHOLDERS AND DEVELOPERS

This document has been prepared as a guide for homeowners, builders, site managers and workers to good practice during construction work. It is hoped that the inevitable inconvenience of building can be limited through sensible arrangements which acknowledge the needs of contractors but also respect the quality of life of neighbours.

It is important in every case to inform neighbours or local residents in the vicinity of any proposed works in advance, keep them advised of progress, and provide contact details. It is suggested that you provide the contact details of one person (which could be the contractor's project manager or you) who will deal with queries and problems.

Pre-warning of works will usually avoid confrontations and complaints later on and maintain good relations locally. The London Borough of Barnet runs a Considerate Contractor Scheme which encourages contractors to maintain a good standard of work.

LEGAL CONTROLS

The Town and Country Planning Act 1990 permits the planning authority to attach conditions to planning decisions and it is a requirement to fully comply with any conditions imposed. The council actively enforces non-compliance of relevant planning conditions so it is important to ensure that these are considered carefully and addressed prior to any development commencing.

The Control of Pollution Act 1974 and Environmental Protection Act 1990 places specific duties on building contractors to ensure that noise, smoke and dust is kept to a minimum. The Council also actively enforces the requirements of this legislation. Its Environmental Health Section imposes certain restrictions and conditions on working hours, methods of work and type of equipment used to ensure noise levels are kept to an acceptable level. Where necessary, notices will be served to require alternative working methods or preventative measures.

Whilst planning permission gives you authority to build you are reminded to check if any other consents are required, such as building regulation approval or highway works licences prior to starting work. In addition, any damage to the public highway caused by construction traffic/machinery, building materials or skip parking will be required to be made good. If not, the council will undertake any necessary repairs and recover the cost from the owner and/or contractor.

PARKING AND TRAFFIC

A great deal of ill-feeling is often caused by contractors and their staff occupying parking spaces normally used by residents. The Council has no powers to prevent this but it is within the power of contractors to avoid or reduce this problem by encouraging staff intent on commuting by car to park further away and by seeking, as far as possible, to stagger deliveries.

Before starting work, it is suggested that you make it clear to your contractors what the existing parking arrangements are locally and ensure that all staff respect this. Similarly equipment and portable toilets should not be left or used from the roadside. Neighbouring residents will normally accept temporary interruptions of access during major deliveries of concrete, materials etc. Vehicles must not block the highway and contractors should not leave their vehicles' engines running whilst they are stationary (unless this is necessary for hydraulics work).

PERMITTED HOURS OF WORK

The permitted hours of work when noise can be audible at a construction site boundary are:

MONDAY TO FRIDAY	8:00am to 6:00pm
SATURDAY	8:00am to 1:00pm
SUNDAY AND BANK HOLID.	No work allowed

Any noisy operations outside these hours cannot be undertaken without prior approval of the Environmental Services department and permission is only granted in exceptional circumstances, e.g. emergency works, in which case the Environmental Health Section should be contacted as soon as possible.

NOISE & VIBRATION – GENERAL

Noise and vibration must be kept to a minimum by methods of work that conform to the 'Code of Practice for Noise and Vibration Control on Construction and Open Sites' (See BS 5228 Parts 2 and 4: 1997, and EC and UK Noise Legislation, as applicable).

At all times the best practicable means as defined in the Act must be employed to reduce noise. Only the quietest plant or machinery should be used, and all equipment should be maintained in good mechanical order and fitted with appropriate silencers, mufflers or acoustic covers.

Stationary noise sources should be sited as far away as possible from neighbouring properties. Acoustic barriers consisting of site materials such as bricks, earth mounds or proprietary types should be constructed when noise cannot be sufficiently reduced by careful siting of noise sources.

Piling should be carried out by methods causing minimum noise and vibration. All workers on site must be made aware of the need to keep noise and disruption to a minimum from building works, equipment, plant and machinery, radios, music, vehicles or any other sources.

The movement of vehicles to and from the site must be controlled to minimise noise and disturbance to nearby residents.

SMOKE

Before works start precautions should be taken to prevent smoke on site from machinery, vehicles or combustion. Bonfires are not permitted.

Petrol and diesel engines used to power equipment and plant should not emit dark smoke once the running temperature of the engine has been reached, and should be regularly checked and maintained to prevent smoke and fumes.

DUST/DEBRIS

Footways and carriageways affected by works must be kept in a tidy and safe condition and hoardings, scaffolds, warning lights and other features should also be kept clean and neat.

Prevention measures should be taken to minimise the formation and spread of dust and dirt. Dust should be controlled at source by a continuous fine water spray. To ensure that this is done an adequate water supply must be provided, with sufficient hoses to reach all of the site and with a means for disposal of waste water. The wheels of construction vehicles should be cleaned before exiting a building site. A useful document is The Control of Dust and Emissions from Construction and Demolition - Best Practice Guidance - London Councils November 2006.

PROTECTION OF TREES

Any works to or close to trees and hedgerows must be carefully planned to ensure no harm is caused. Further advice is available from the planning department's trees and landscaping team.

FURTHER ADVICE

You can get further information or advice by visiting the council's website at www.barnet.gov.uk or contacting the Planning Department, Environmental Services or Highways Group at Building 4, North London Business Park, Oakleigh Road South, London, N11 1NP. Tel: 020 8359 2000.

NAMING OF STREETS AND NUMBERING (AND NAMING) OF PROPERTIES APPLICATION

Contact details: Street Naming & Numbering, Building 4, North London Business Park,
Oakleigh Road South, London N11 1NP
Tel: 0208 359 4500 Fax: 08708 897 462
Email: street.naming@barnet.gov.uk www.barnet.gov.uk/snn

APPLICANT DETAILS

Name:	Address & Postcode:
Organisation:	Tel:
Email:	

SITE ADDRESS DETAILS

Current site address:	Proposed site address:
If naming a property, please list in preference order:	

PROJECT DESCRIPTION

Please describe in detail proposed/completed works:

Planning Permission Reference No. (If applicable):

Building Control Reference No. (If applicable):

If naming a street, is it adopted or private?

ENCLOSURES

Please tick the following which are applicable to your application

A copy of site plan (mandatory to all applications)

Street naming & Numbering fee has been enclosed (Please refer to our website for fee details)

Internal floor layout plans indicating entrances to each unit/flat and floor levels

A plot schedule for each flat indicating floor level (only applicable for 5 or more flats)

Signed:

Date:

PLEASE NOTE DUPLICATION OF BUILDING NAMES WILL NOT BE PERMITTED

Street Naming & Numbering Guidance Notes

- The formal process takes approximately 8 weeks to complete. Once application form and fee has been received the proposed addressing is checked to ensure that it complies with policy. If acceptable, a consultation is initiated with the London Fire Brigade and the Royal Mail as standard. Once a response is received from the London Fire Brigade and Royal Mail, the Council will make a decision confirming the new address details to the applicant in writing.
- Fees can be paid by card via telephone on 0208 359 4500 or by cheque which is payable to 'London Borough of Barnet'.
- All Buildings shall be numbered in logical sequence to the street in which their main entrance is located.
- For infill developments, lettered suffixes are applied e.g. A single large house replaced by four smaller houses might be numbered as 5, 5A, 5B and 5C respectively.
- Buildings should not have more than one number allocated e.g. A new building on a site previously occupied by 1 and 2 High Road would be 1 High Road and not 1 – 2 High Road.
- Proposed Street and Building names may not duplicate or sound similar to street or building names already used in the London Borough of Barnet.
- Names must be easily spelt, pronounceable and be no longer than 3 syllables.
- Flats shall be numbered as Flat 1 and not Flat A or not for e.g. 1A High Road.

For further Street Naming & Numbering guidance notes and details of our fees, please visit www.barnet.gov.uk/snn
